

## Tree Plantation

<b>Date of activity</b>	5 <sup>th</sup> June 2021
<b>Venue</b>	Jewel of Navi Mumbai, Nerul

**No. of saplings** : 20(8-Ashoka, 6-Mango, and 6-Almonds ).

**Targeted Plants** : Ashoka, Mango and Almond.

**Objective** : To plant trees and save endangered environment.

**Preparation** : Volunteers were informed about the activity 2 days prior activity.

**Time of Activity** : 09:00 Am. To 1:00 Pm.

**Procedure** : All the volunteers gathered at Nerul station at 10:45 am and reported at Jewels of Navi Mumbai at 11:00 am. Then the founder of Jayshree Foundation welcomed all the volunteers of NSS VSIT as well as Jayshree foundation, he then explained about the importance of planting trees for betterment of future. Then he explained volunteers about the technique of plantation, followed by this, the volunteers were divided in groups, volunteers of both the organizations worked together for this good cause. Volunteers planted about 20 saplings the same way as instructed by the founder. Each volunteer experienced the process of plantation. All volunteers along with the Jayshree Foundation took a pledge of protecting and taking care of the planted saplings until they are grown. Then by giving the vote of thanks and clicking group photograph, the activity came to an end.

**Conclusion** : Volunteers learnt about process of plantation and took oath of planting more and more trees for saving our mother Earth.

## Nirmalya Collection and Traffic Control by VSIT NSS.

<b>Date of activity</b>	11 <sup>th</sup> , 14 <sup>th</sup> , 16 <sup>th</sup> & 19 <sup>th</sup> September 2021
<b>Venue</b>	Sion Talav, Mumbai

**No. of volunteers** : On, 11<sup>th</sup> September - 08 volunteers  
14<sup>th</sup> September - 10 volunteers  
15<sup>th</sup> September - 10 volunteers  
16<sup>th</sup> September - 15 volunteers  
19<sup>th</sup> September - 14 volunteers

**Targeted Audience** : Families and Mandals arriving for Ganesh Visarjan and pedestrians.

**Objective** : To collect Nirmalya, dispose it properly and Controlling Traffic.

**Preparation** : All volunteers were informed a day prior about the activity.

**Time of Activity** : 04:00 p.m. To 09:30 p.m.

**Procedure** : All Volunteers used to report in the vicinity of Sion Talav at 03:45 p.m.

The activity started at 04:00 p.m. every day , it was divided into two parts, Nirmalya collection and traffic control . 5 volunteers were kept at the gate of the talav from which 4 volunteers used to collect and dispose properly the garlands which were worshiped to Ganpati bappa's idol and then the 5<sup>th</sup> volunteer allowed only two members to enter talav for the purpose of visarjan. 2 to 3 volunteers were kept inside the talav to manage people and to make sure people left the place of visarjan as soon as possible and to prevent crowd following Covid-19 protocols. Rest of the volunteers were placed on the road outside talav to control traffic and pedestrians. Each volunteer got to experience both activities by changing it periodically. The speaker at the announcement stand used to motivate and appreciate volunteers for their great work. Activity ended every day at 09:30 p.m. On the last day of the activity Senior officers of Mumbai Police thanked and appreciated all the volunteers for their great work.

**Conclusion** : Volunteers learnt about saving the environment by keeping it clean, got experience of traffic handling and quality of public speaking.

## Green initiatives and sustainable development session (plastic recycle)

<b>Date of activity</b>	12 <sup>th</sup> Oct 2021
<b>Venue</b>	zoom

**No. Of volunteers** : 31

**Targeted audience** : NSS volunteers .

**Preparation Objective** : All volunteers were informed one day prior about this activity and were informed to report at given locations at 10:45 A.M.

**Procedure** : On 12/10/2021 a Program on topic of Green Revolution was organised in Vidyalankar School of Information Technology Auditorium. All the NSS volunteers gathered at 11:00 am Sharp at the Venue. The Program started by the Guest and the Respected Program Officer of VSIT NSS Unit Vijay Gawde Sir by lighting the lamp and the guest introduced himself and about his organisation of Blue Planet. All the Volunteers paid attention from the bottom of their heart with full interest. All the important aspects of recycling waste were explained in the meeting and the problems that arise in the process was also explained. The duration of the program was approximately 3 hours. In the program a unique way of recycling garbage waste like milk bags and plastic bags into school benches, pencils, public benches ,etc. was displayed ,which was very interesting to listen to and also very helpful for managing plastic waste. After that question and Answer Section took place in which students asked questions and the speaker gave answers and explained the answers very well. This programme added to the knowledge of the students about waste management. And then photo session was done. This Programme was ended with knowledgeable minds.

**Conclusion** : Volunteers got an opportunity to get knowledge about plastic recycling and how innovatively plastic can be recycled.

## Clean-up activity, Bandstand by VSIT NSS in association with BEACH CLEAN UP MC

<b>Date of activity</b>	19 <sup>th</sup> October 2021
<b>Venue</b>	Bandstand, Bandra.

**No. Of volunteers** : 28.

**Objective** : To aware volunteers about cleanliness and clean the surrounding areas.

**Preparation** : All volunteers were informed one day prior about this activity and were informed to report at given locations at 07:45 am

**Procedure** : On 19<sup>th</sup> October, 2021 Vidyalankar School of Information Technology .organized the BEACH CLEANING DRIVE in collaboration with The Brihanmumbai Muncipal Corporation (BMC). There was a sum of 28 NSS students from our college. The main purpose of this programme was to create awareness among students regarding cleanliness and its benefits. Under this programme, the NSS students from 7 different colleges from Mumbai participated in this activity. Even the BMC officials were an essential part of this drive. As a part of this cleanliness activity, volunteers had to clean the Bandra Fort and the nearby beach. One of the BMC officers started the activity with important instructions and some exercises. Then the students picked brooms and started their jobs. Some of the students started cleaning the nearby garden. All the garbage was collected in Re-Cyclable garbage bags which were environment friendly. After all the work was completed, all the students assembled in the Garden area. There they were provided with refreshments and snacks. Thereafter our principal, one of the BMC official and principals of all 7 colleges concluded by delivering the speech telling us the importance of cleanliness. In the end, we all took an oath of keeping our home, locality and city clean. It was a unique experience for all of us. We were curious to be the part of this great drive that could have transformed the face of our country forever.

**Conclusion** : Volunteers got an opportunity to take part in mass cleanliness drive and were got the awareness of the importance of cleanliness.

## BEACH CLEANUP (MAHIM)

<b>Date of activity</b>	04-12-2021
<b>Venue</b>	Mahim

**Date of activity** :4th December 2021

**Venue** :Mithi River, Mahim Causeway

**Total waste collected:** 3 truck waste was collected.

**Objective** : To collect plastic/other non-biodegradable waste and dispose it properly.

**Preparation** : All volunteers were informed a day prior about the activity.

**Procedure** : The VSIT NSS Unit, in collaboration with Beach Please India, organized a beach clean-up drive at the Mahim Mithi River. On December 4, 2021, the event was held concurrently along the shore near Mithi River, with Beach Please and enthusiastic volunteers pitching in to clean the river areas. Prior to the clean-up, all participants were given safety equipment, such as masks and gloves, and were briefed on the clean-up procedures. Approximately 48 volunteers and beach please crew members took part, and approximately 3 trucks of plastic, non-biodegradable waste, and other domestic waste were collected from the beach. "We're trying to educate the surrounding community, as well as the younger generation, about the importance of keeping environment clean," said a Beach please crew member. They also mentioned that "recycling more reduces the amount of waste we send to landfills." When waste rots in a landfill, it leaches toxins into the groundwater and soil and emits greenhouse gases like methane as it decomposes, contributing to global warming and harming our environment. They also stated that sanitary napkins, diapers, and other disposable items take more than 500 years to decompose. The collected waste was given to the Brihanmumbai Municipal Corporation staff (BMC). The Beach Please India crew concluded the drive by thanking all volunteers for their efforts in cleaning up the environment.

**Conclusion** : Volunteers got awareness about the importance of cleanliness and thus making our environment clean is going to make our future, pollution free.

## Mangroves Clean-up Drive by Beach Please India in association with VSIT NSS

<b>Date of activity</b>	05-12-2021, 26-12-2021 and 03-04-2022
<b>Venue</b>	Mangroves Forest at Airoli

**Objective** : To clean the mangrove forest and to conserve it.

**Preparation** : All volunteers were informed a day prior about the activity.

**Procedure** : The VSIT's NSS in collaboration with Beach please India had organized a mangrove cleanup drive on 28<sup>th</sup> November 2021 at Airoli Mangroves Forest. It was organized to address the issue of garbage in the coastal area. All participants were provided safety equipment- masks and gloves, sacks and briefed about the cleanup guidelines, prior to the cleanup. The founder of Beach please India Malhar Kalambe addressed the volunteers with the fact about the mangrove ecosystem and its role in controlling climate change. They trap more carbon dioxide than any other tree on this planet. Destructing the mangrove ecosystem accelerates climate change & releases more carbon dioxide trapped by the mangrove. A total number of 23 Sacks of waste was collected. It was then segregated into categories like packaging material, plastic bottles, fabric, glass, metal and so forth, as per the Beach Please guidelines. The segregated waste was handed over to the staff of Navi Mumbai Municipal Corporation (NMMC). And the drive was concluded by Malhar Kalambe by thanking all the volunteers for taking a huge step forward for cleaning the environment.

**Conclusion** : Volunteers got awareness about the importance of mangroves, giving a conclusion that cleaning and making our environment clean is going to make our future pollution free.

## A Report on “Newspaper Recycling”

**Organising Committee: Hobby Club Committee of VSIT**

**Topic: “Newspaper Recycling”**

**Date: 22<sup>nd</sup> February 2022**

**Time: 11:30 AM to 12:30 PM**

**Judge: Prof. Khushboo Julka, Assistant Professor, VSIT.**

**Platform: MS Teams**

**Target Audience: All VSIT students & Staff**

The Hobby Club Committee of Vidyalankar School of Information Technology had organized a workshop on “Newspaper Recycling” by Prof. Khushboo Julka.

The attendees were taught how to make handmade paper out of recycled newspaper. There was overwhelming response for the session. Faculty members and students from VSIT joined the session.

The session started at 11:30 am. It began with an introduction of resource person Asst. Prof. Khushboo.

Paper is one of the most versatile and widely used consumer materials, despite of all the new-age technology. But production of a single tonne of paper consumes approximately 20 full grown trees. So, just wasting this precious product after a single use is not a good idea. Most of this paper can be recycled.

The following material requirements was communicated to all students a few days before the activity. Wastepaper (anything will work except glossy paper), Water, A shredder or a blender,

Information Technology

**'HOBBY CLUB' OF VSIT**  
ORGANISES A SESSION ON  
**"Newspaper Recycling"**  
**"Reduce, Reuse, Recycle!"**

Resource Person:  
**Prof. Khushboo Julka**  
Assistant Professor, VSIT

**Venue: Microsoft Teams (online mode)**  
**Date: 22nd February 2022**  
**Time: 11:30 a.m. to 12.30 p.m.**  
**Target Audience: All VSIT Students & Staff**

**Mesh or screen, Cloth or sponge, A rectangular bin to hold water and Decoration like dried flowers etc.**

**Steps to recycle paper are:**

**Step 1: Tear the paper into small pieces with a shredder and put it into a blender with warm water. Blend until the mixture turns into smooth pulp.**

**Step 2: Assemble your mold, attach your screen to your frame using tape. Keep the frame fixed at the same place.**

**Step 3: Pour the pulp into your bin or pan, then sink the mold into the water mixture. Pull the mold up and pulp should cover the whole screen. At this point, you can add your little things like flowers, seeds etc. Make sure to add a little more pulp to cover the decoration so they are attached to the paper.**

**Step 4: Use a cloth or sponge to press out excess water. You can let it dry on the screen, you can flip the mold over to allow the paper to dry evenly. Just make sure to work around this so that the paper dries out for a day.**

**Overall, the session was smooth and quite interactive. The main purpose of the activity was Implementation of Reduce, Reuse & Recycle. At the end she answered all the queries of students very nicely. Overall, 59 students registered and attended the session.**

**Some glimpses of the session are as follows:**

## Block Cleaning and Pavement Building Activity by NSS VSIT.

<b>Date of activity</b>	11 <sup>th</sup> , 12 <sup>th</sup> & 14 <sup>th</sup> March 2022
<b>Venue</b>	VSIT Campus.

**No. of volunteers** : 15 per day

**Total Pavement made** : Approx. 150 meters

**Objective** : To clean the sideway of ground and build a pavement of unused blocks.

**Preparation** : Volunteers were informed about the activity a day prior.

**Procedure** : **The volunteers of NSS Unit of VSIT College conducted a block cleaning and pavement building activity on the 11<sup>th</sup>, 12<sup>th</sup> and 14<sup>th</sup> of March 20223.** First volunteers cleaned the place where blocks were kept and the sideways of ground where the pavement was to build. After that teams were made and work was distributed accordingly. Few volunteers were asked to get the pebble blocks and load onto hand cart. The blocks were collected at one place and the other team was assigned to fix the blocks in proper manner to build the pavement. The same procedure was carried for 3 days and the pavement was successfully built of approximately 150 meters.

**Conclusion** : Volunteers had a great experience of field work and a sense of good work for their college.

## Watering Plants Activity at Campus by VSIT NSS.

<b>Date of activity</b>	24 <sup>th</sup> March 2022 to 22 <sup>nd</sup> April 2022
<b>Venue</b>	College Campus

**Objective** : To water plants and gardens on the campus.

**Preparation** : Volunteer assigned was informed a day prior about the activity.

**Procedure** : The NSS unit of VSIT did watering plant activity at the college campus from 24<sup>th</sup> March 2022 to 22<sup>nd</sup> April 2022 daily from 12:00 pm to 01:00 pm. In this activity daily one volunteer used to water all the plants in the campus by using a watering can. Every day new volunteers get a chance to perform this activity. This activity was appreciated by District coordinator of NSS Dr. Kranti Ukey Ma'am.

**Conclusion** : Volunteers got a sense of protecting nature and maintaining greenery in the campus.

**Glimpse of the Activity:**

## Paper Bag Making & Distribution Drive by NSS VSIT.

<b>Date of activity</b>	31 <sup>st</sup> March 2022 to 22 <sup>nd</sup> April 2022
<b>Venue</b>	VSIT Campus and vicinity area.

**No. of volunteers** : 20 per day

**Total Paper Bags** : 6473 (Made + Distributed)

**Targeted Audience** : Shopkeepers/vendors in surrounding areas of Vidyalankar College.

**Objective** : To reduce the use of plastic bags and motivate vendors to use eco-friendly paper bags by providing them with the Paper bags made by volunteers of NSS VSIT.

**Preparation** : Every volunteer collected old newspapers, magazines, etc. and made atta glue at home a day prior.

**Procedure** : The NSS Unit conducted a paper bag making and distribution activity from the 31<sup>st</sup> of March 2022 to 22<sup>nd</sup> of April 2022 under the guidance of the NSS Programme Officer Mr. Vijay Gawde Sir. The activity was performed every day in two batches from 12:30 pm to 4:30 pm. 6473 paper bags were made and distributed among the shopkeepers. Each day an average of 20 volunteers participated in the activity. The paper bags were distributed to the local stores & vendors. Before distributing the bags, a few volunteers did the survey/awareness in the shops in the vicinity areas. Paper bags were distributed free of cost. While distributing these bags all the NSS volunteers created the awareness of the need to use such kind of Eco-friendly paper or cloth bags rather than polythene bags.

**Conclusion** : Volunteers spread awareness among the vendors to reduce the use of plastic bags and motivate vendors to use eco-friendly paper bags.
