**Policy documents for Scholarship from different Foundation Education Support Program**

1)

Indiabulls Group is a diversified Indian conglomerate with businesses spread over in Financial Services, Real Estate and Securities. The Group vision of inclusive growth has been a driving force to set up Indiabulls Foundation in January, 2010.

**Education Support**

Indiabulls Foundation Education Support Program aims to encourage and promote quality higher education among meritorious students from economically challenged families to nurture their careers. Indiabulls Foundation understands that a large number of deserving students who have an urge to pursue their higher education are unable to do so owing to mainly financial constraints.

In view of this, Indiabulls Foundation offers Education Support to deserving students to pursue their education after 12th standard and launch a sustainable career in the field of Engineering, Medicine, Law, IT, ITI, Management or any other stream of the student's choice. Indiabulls Foundation has awarded more than 3,500 Education Support to deserving students Pan India.
