## About us

Vidyalankar School of Information Technology (VSIT) is a part of Vidyalankar Dnyanpeeth Trust situated in Mumbai And is affiliated to the University of Mumbai. It was established in the year 2002. VSIT offers both graduate and post-graduate programmes in the subjects of Information Technology, Commerce and Management. This college that aims to impart Quality Education in the field of Science, Commerce and Management. VSIT has tie-ups with renowned Foreign Universities like Penn State University, Rutgers University, California State University, University of Toledo and many more. The mission of the institute concerns the creation of an educational environment where students can reach their full potential in their chosen discipline and also a scholarly environment where the talents of both the faculty and students are nurtured and used to create knowledge and technology for the benefit of society, Fostered in the values expounded by the erudite founders C. S. Deshpande and Dr. Sanjeevani Deshpande and currently propelled under the able leadership of the zealous Vishwas Deshpande, VSIT is drive to set the highest standards in teaching and research.

## About STTP

As the socio-political environment continues to face an unprecedented shift in 2020, there is a need to infuse, into several sectors of the service industry, novel approaches, and a willingness to re-learn to re-invent. The Short-Term Training Programme attempts to operate on a capsule strategy with an intent to inject the requisite dose to enable a renewed perspective. From the New Education Policy that promises to revamp teaching and learning in the Indian education system to emotional intelligence to boost perceptive capacities and further a holistic learning experience, select modules have been curated to ensure a dynamic, outcome-based training programme for the participants. These modules will find direct applications in varied professional activities. Additionally, the inclusion of multidisciplinary modules will equip the participants with an arsenal of expertise, that are easily transferable across specialized subject verticals. Hence IQAC and department of commerce jointly organising online short-term training programme on new trends and modern approaches in commerce and management.

## Objective:

The main objective of this STTP is to acquire knowledge on the recent developments, trends, and methodology in various field of commerce and management through a series of lectures by experts in appropriate areas with the hands on training through assignment and case study. The programme will help the participants use the acquired skills in solving assignments which will mimic real case studies.

## Pedagogy

The methods consist of lecture sessions, hands-on-exercises, discussion on cases and live problems. Academicians with proven knowledge, Industrial experience, and demonstrable and related areas will deliver lectures and analyse case studies.

## Target Participants

Teachers and Researchers from Commerce, management, and Art stream. Post graduate students are also allowed from any discipline program.

## Key Features

- Learning from industry leaders
- 30 hours program
- This can be considered for appraisal purpose under carrier Assessment Scheme (CAS) for teachers promotion
- Interactive training program
